POLICY OF NEW GOVERNMENT OF RUSSIA OPPOSES SEPARATE PEACE

Aim Is for General Peace With
No Annexation of Territory
or Indemnities, Statement
Declares.

THINKS GERMAN VICTORY
WOULD BE A CALAMITY

Will Take Steps Toward Se-
curing Greatest Possible
Production of Grain Needed
by Country.

(BY MORNING JOURNAL SPECIAL LEASED WIRE)
Petrograd, May 19 (via London,
2:16 p. m.)—The provisional govern-
ment declared today that it was united
in the rejection of a separate peace
and that it adopts as its aim the re-es-
tablishment of a general peace
which will not tend either to domina-
tion of other nations or to the seizure
of their national possessions—a peace
without annexations or indemnities.
The government expresses its con-
viction that the Russian army will not
suffer the Germans to destroy Rus-
sia's western allies.
The statement embodying these
declarations was issued by the newly
organized provisional government as a
declaration and reads:
"The provisional government, reor-
ganized and reinforced by representa-
tives of the revolutionary democracy
declares that it will energetically car-
ry into effect the ideas of liberty,
equality and fraternity beneath the
standards by which the great Russian
revolution came to birth. The provi-
sional government is united as to the
fundamental lines as to its future ac-
tion as follows:
"Firstly—Policy: The provisional
government rejecting in concert with
the entire people all thought of a sepa-
rate peace, adopts openly as its aim
the re-establishment of a general
peace which shall not tend towards
either domination over other nations,
the seizure of their national posses-

May Be German Chancellor

COUNT HERTLING

Count Hertling, now premier of Ba-
varia, has been mentioned very often
recently in dispatches from Germany
as the probable successor of Chan-
celor Bethmann-Hollweg. The fight on
the present chancellor is becoming so
strong it is not believed he can last
long.

sions or violent usurpation of their
territories—a peace without annexa-
tion or indemnities and based on the
right of nations to decide their own
affairs. In the firm conviction that
the fall of the regime of cardom in
Russia and the consolidation of the
democratic principles of our internal
and external policy will create in the
allied democracies new aspirations to-
ward a stable peace and a brother-
hood of nations, the provisional gov-
ernment will take steps toward bring-
ing about an agreement with the al-
lies on a basis of the declaration of
April 9.
"Second—Convinced that the defeat
of Russia and her allies would not only
be a source of the greatest calamity
to the people but would postpone or
make impossible the conclusion of a
worldwide peace on the basis indi-
cated above, the provisional govern-
ment believes that the Russian rev-
olutionary army will not suffer the
German troops to destroy our western
allies and then throw themselves upon
us with the force of their arms.
"Will Democratize Army.
"The development of the principles
of democratization in the army and
the development of its military power,
both offensive and defensive, will con-
stitute the most important task of the
provisional government.
"Third—The provisional govern-
ment will fight resolutely and indefat-
igably against the economic disorganiza-
tion of the country by the systematic

Look for the Cars with Red Gas Tanks —They're Helping to Make History

The Maxwell international gasoline economy demonstration takes place all over the
United States and Canada on Wednesday, May 23—Thousands of Maxwells will par-
ticipate—Two of them here—You'll know them by the red gasoline cans attached to the
windshield—Watch for them.

A Maxwell will travel further on a gallon of gasoline than
any other car made.

You've heard that before

—but you're "from Missouri."

Now we're going to show you

—by demonstration runs on one gallon of gasoline

—right here at home

—and all over the North American Continent

—from the Rio Grande to the Arctic wastes of Northern
Canada and from ocean to ocean

—in more than 2,000 cities and towns.

We're going to put it beyond the power of man, woman or
child to question the Maxwell's rank as the world champion
motor car in the field of economy.

—just as the Maxwell is now the undisputed world endur-
ance champion.

—we simply want to show you the average mileage of Max-
wells in daily service.

We Want You to See the Thing Done

That's why the one-gallon gasoline tank is painted red

—and put in plain sight, outside the car.

We want you to know the drivers

—and the official observers, all responsible members of this
community.

Names of the drivers and observers

—the route to be taken by the cars

—and all other details of the run

—will be made public as soon as definitely decided upon.
Watch for that.

We Want You All There

We urge you to come along in your own car as a witness to
the actual performance.

—it's all going to be done right out in the open

—here, and in every one of the more than 2,000 cities and
towns taking part in the demonstration.

Come and see history made.

HUGE SUM TO BE PLACED IN HANDS OF PRESIDENT

Senate Increases Total of War
Budget to \$3,342,300,000
by Adding \$750,000,000
for Building Ships.

(BY MORNING JOURNAL SPECIAL LEASED WIRE)
Washington, May 19.—The admin-
istration's initial war budget, increas-
ed to a total of \$3,342,300,000 by
the addition of \$750,000,000 for the mer-
chant fleet construction program,
passed the senate today without a roll
call. It is immediately sent to con-
ference and is expected to be ready
within a week for President Wilson's
signature, making millions immedi-
ately available for the urgent needs of
the war.

As it passed the house the measure
carried approximately \$2,800,000,000
and did not include the ship program
appropriation. This provision is ex-
pected to receive the approval of the
house conference without much delay.
The only other important senate
amendment is a stipulation that pro-
vision of the war draft army bill shall
remain in force only until four months
after the war.

Most of the money appropriated
will go to pay expenses of the war
army and of the increased navy and
marine corps already authorized. The
largest single items are for pay of
enlisted men. There also are big ap-
propriations for equipment, fortifica-

tions and munitions.
The military establishment will get
about \$2,225,000,000 of the total and
the navy about \$500,000,000.
An item of eleven millions for avia-
tion is included in the navy quota.

Those Opposed
to war can give money to the Ameri-
can Red Cross. Immense sums are
needed. Relieves suffering and saves
lives.

Salazar Very Much Alive.
Presidio, Tex., May 19.—Instead of
killing Jose Inez Salazar in a duel,
as reported, Chico Cano simply left
Salazar's band with his own personal
followers after a quarrel, according
to a report received tonight at Oji-
naga, on the opposite side of the
Mexican garrison headquarters at Oji-
naga, on the opposite side of the
boundary from here. The two fac-
tions operate separately.

HOTEL VIRGINIA—The \$1,000,000 hostelry at Long Beach,
Calif., by the sea. Known as "The House of Hospitality"—the
center of many summer sporting and social events.
